Mental Health

Staff and students Mental Health & Wellbeing is a strong focus within the college. Students are encouraged to access support from tutors and the WARMS team when required, the college's tutorial programme is also developed to touch on subjects which aide student's wellbeing

The college has further extended the availability of focused support around wellbeing with the introduction of Togetherall a 24/7 online platform managed by specialist mental health professionals which can be accessed by staff & students. Togetherall allows all users anonymous access, (once registered) to resources which can build their skills and resilience, this includes short topic-based courses and a monitored chat function. Safeguarding practices within the platform are regulated and any actions necessary managed by qualified staff.
