SCHOOL OF CONSTRUCTION AND THE BUILT ENVIRONMENT

**LEVEL 1 CITY & GUILDS**

**DIPLOMA IN CARPENTRY & JOINERY**

**TRANSITION PACKAGE**

(THIS PACKAGE NEEDS TO BE COMPLETED AND ASSESSED BY THE COURSE TUTOR)

## WELCOME

A warm welcome to the School of Construction and Built Environment at Hartlepool College of Further Education. Within this school we have a carpentry and joinery section. Your carpentry and joinery tutors within this section are Paul Donnelly, Graeme Fallowfield and Graeme Southward. All your tutors have a vast range of joinery knowledge and experience to help and support you during your time in college.

This course is for students who want to work as a carpenter or joiner within the construction sector. The course allows students to learn, develop and practice the skills required for employment and/or career progression in Carpentry & Joinery.

All students will be registered onto a City and Guilds qualification, which is the awarding body. This is called a programme of study, it includes practical and theory sessions within the Carpentry & Joinery course and any Math's or English re-sits depending on grades. Also students are enrolled onto a tutorial and enrichment programme.

The course will cover the following skills:

- Producing basic woodworking joints.
- Safely using and maintain various hand and power tools.
- Upon completion of the course, it allows students to progress into employment or to the following City & Guilds qualification.
- Level 2 Diploma in Site Carpentry

## WHAT WILL I STUDY?

**The content of this course covers a wide range of topics such as:**

### Mandatory Units:

These 6 units are comprised of on-line tests, practical assessments and multi-choice questions.

- Unit 101** Principles of building construction, information and communication.
- Unit 201** Health, safety and welfare in construction.
- Unit 113** Maintain and use carpentry and joinery hand tools.
- Unit 114** Prepare and use carpentry and joinery portable power tools
- Unit 115** Produce woodworking joints.

## HOW CAN I PREPARE FOR THE COURSE?

In preparation for the course, you could do some research around the listed units above and become familiar with the various woodworking joints and associated tools.

In addition you can attempt the key task on the next page.

## KEY TASKS

### Task 1

Within your units, you will learn important key words that to help you complete your assessment. Listed below are some of those words.

Write your thoughts on each of the words shown.

These will be reviewed during your induction.

- Tenon Saw
- Oil stones
- Mortise and tenon
- Mitre
- Dovetail
- Equality
- Respect

### Task 2

What interests you in this carpentry and joinery qualification?
